LCC INSTRUCTOR HIGHLIGHTS

Human Anatomy/Physiology Instructor Lucas Myers Wins National Award

Biology instructor and head women's basketball coach, Lucas Myers, was named a 2021 Educator of the Year by Instructure, the parent company that provides LCC's online Learning Management System, Canvas. Lucas, who received the award in the "Professor" category, was recognized for his dedication to preparing students for the workforce, promoting academic success and achievement in an evolving educational landscape, and embracing technology in the classroom in new and exciting ways.

In addition to helping redefine how science is taught at LCC, Lucas also provides leadership across the entire Washington community and technical college system for STEM (Science, Technology, Engineering, and Math) educators. Because he began developing fully online biology, human anatomy, and physiology courses long before the pandemic, he was well positioned to succeed when the COVID-19 virus forced a massive switch to online education.

His innovative teaching and assessment practices have also helped to increase the success rate of the college's pre-nursing students, who score 15-20% higher on national human anatomy/physiology exams than average.

Courtney Shah Becomes Jeopardy! Champ

LCC History Instructor Courtney Shah ended a seven game winning streak on Jeopardy! on July 7, 2021, taking home more than \$120,000 and gaining eligibility to compete in a future Tournament of Champions.

Courtney credits her experience as a community college instructor for helping prepare her for success on the game show, along with her own education, expertise in history, and love of trivia.

Courtney received her PhD from the University of Houston, and has taught both United States and World History at LCC since 2007. She specializes in race, gender, and the early twentieth century. Her first book, *Sex Ed, Segregated: The Quest for Sexual Knowledge in the Progressive Era America*, was published in 2015.

In addition to contributing to the college funds for her own children, Courtney also donated \$10,000 to LCC's Student Success Annual Fund.
