VISION, MISSION AND VALUES

OUR VISION: Our vision is to be a powerful force for improving the quality of life in our community.

OUR MISSION: The mission of Lower Columbia College is to ensure each learner's personal and professional success, and influence lives in ways that are local, global, traditional, and innovative.

OUR VALUE SYSTEM: Our campus community expects an environment of integrity, respect, collaboration, cooperation, inclusion, and innovation that fosters personal growth, academic excellence, and accountability.

OUR EXPECTED COLLEGE OUTCOMES:

ACCESS: We invite the community to participate in the full array of programs, services, and activities at Lower Columbia College.

TRANSFER: We offer courses and support for students to meet the requirements for transfer from Lower Columbia College and to pursue successfully upper division college and university programs.

PROFESSIONAL/TECHNICAL: We provide opportunities for students to receive quality professional/technical training for employment, skills enhancement, and career development.

BASIC SKILLS: We ensure that all learners who are under prepared for college level studies have the opportunity to receive basic skills instruction for literacy development, diploma completion, English as a second language, citizenship, and preparation for higher education.

CUSTOMIZED EDUCATION: We are an enthusiastic partner with business and community groups to create customized programs and services.

COMMUNITY ENRICHMENT: We enrich the community through diverse cultural, artistic, athletic, social activities and programs for personal enrichment.

INSTITUTIONAL EXCELLENCE: We are committed to institutional integrity, responsible stewardship, and excellence in meeting the educational, cultural, and service needs of the community.

Lower Columbia College is a comprehensive community college and a member of the Washington Community and Technical College system as created by the Community College Act of 1967, serving people of the Lower Columbia region. We are an AA/EEO employer.

Adopted by the Board of Trustees: July 18, 2007

Institutional Effectiveness

Lower Columbia College's Institutional Effectiveness program is based on annual monitoring of twenty-five Key Performance Indicators (KPI's), categorized within each of the College's seven outcome areas. The Office of Institutional Research, Planning and Assessment produces a separate report for each of the seven outcomes annually. Each report is reviewed by an interdisciplinary team made up of twelve faculty, classified and administrative staff (each report has its own review team). The seven Monitoring Reports, which each include a summary of the evaluation conducted by the review teams, are presented individually to the Board of Trustees during their regular academic year meeting schedule. During 2006-07, LCC completed its 8th cycle of Monitoring Reports.

Lower Columbia College: Key Performance Indicators

Access

- General enrollment
- Participation rates of persons age 16 and above who live within the college's service district
- Participation rate and success of diverse student populations

Transfer

- Student/graduate satisfaction with instruction
- Academic transfer rate
- Academic success of transfer students (after transfer)
- Student attainment of General Education Outcomes
- Transfer Eligibility

Professional/Technical

- Licensure/certification rates
- Student/graduate satisfaction with instruction
- Employer satisfaction
- Placement rate in the workforce
- Student attainment of General Education Outcomes through related instruction

Basic Skills

- Student/graduate satisfaction with basic skills instruction
- Basic skills achievement
- Academic performance of developmental education students

Customized Education

• Client assessment of programs and services

Community Enrichment

- Cultural enrichment of students and community
- Citizenship

Institutional Excellence

- Student progress
- Relevance of programs
- Faculty/staff satisfaction and morale
- External perceptions/satisfaction with LCC
- Student/graduate satisfaction with support services
- Student persistence and performance

STRATEGIC PLAN

LCC's Strategic Plan was designed to provide a roadmap for accomplishing the Vision, Mission and Values. Strategic Plans typically address institutional direction in the short-term, generally 3-5 years. The following was adopted by the LCC Board of Trustees on July 18, 2007.

STRATEGIC ISSUE #1: Lower Columbia College will strengthen its student-centered environment that promotes a campus-wide focus on learning.

The faculty and staff at LCC recognize that learning is the central value and activity of a college. We believe that students' successes depend not just on the variety and quality of instruction they receive, but on student development and retention of learning. Faculty, staff, and students will work to establish active learning and development opportunities.

- >> Strengthen our commitment to student success and excellence in teaching and learning, which will be evidenced in every learning environment and support service we provide.
- ➤ Ensure a comprehensive assessment process that engages all instruction and support services in continuous improvement.
- ➤ Engage all faculty and staff in opportunities for growth and development.

STRATEGIC ISSUE #2: Lower
Columbia College will sustain a
complete and inclusive educational
process for all students that integrates
instruction and support services in order
to meet students' needs.

Lower Columbia College is committed to student success both inside and outside the institution. We will continue to integrate student services and academic instruction for the educational, career, and personal development of students. Expanded access and varied learning opportunities will allow students from all cultures and backgrounds to achieve their educational goals.

- ➤ Sustain a campus-wide focus on student achievement and retention by employing an evidence-based approach to improve and align existing services.
- ➤ Ensure that Lower Columbia College is an open and inclusive environment.
- Align instruction and services to provide proactive strategies to support and guide students through their education from first contact through attainment of their goals.

STRATEGIC ISSUE #3: Lower Columbia College will create and maintain strategic alliances to meet educational, cultural, and training needs.

Because Lower Columbia College is committed to serving students and the community, the college's connections with various organizations in the community are crucial to the services it provides. We develop and foster partnerships with other educational institutions, business and industry, community groups, cultural organizations, workforce development organizations, and funding agencies. These alliances emphasize the importance of math, sciences, technology, and the humanities to a wide variety of career pathways.

- ➤ Strengthen partnerships with local school districts to make the path to college academically and administratively seamless for all students, no matter their circumstances.
- ▶ Focus on key partnerships with local agencies and employers to strategically develop our regional workforce and respond to changing local job markets.
- Create seamless transitions with transfer institutions and employers for students' next steps in education or into successful careers.

STRATEGIC PLAN, CONTINUED

STRATEGIC ISSUE #4: Lower Columbia College will support an organizational climate and processes that build trust, promote collaboration, support learning, and align activities with strategic goals.

Lower Columbia College is committed to maintaining a positive work environment for faculty and staff. As an effective institution, LCC relies on the commitment of every employee to collaborate, participate in shared decision making, contribute to positive communication, uphold campus values, and support campus events and activities.

- ▶ Build a spirit of professional competency, cooperation, positive communication, and information sharing.
- ➤ Ensure that organizational processes reflect campus values.
- ► Encourage collaborative participation in decision-making.
- ▶ Promote faculty and staff participation in events and activities to celebrate and strengthen our campus community.

STRATEGIC ISSUE #5: Lower Columbia College will build a physical and technological infrastructure that promotes learning, enhances safety, and contributes to the aesthetic value of the community.

Lower Columbia College is committed to providing high quality facilities, infrastructure, and services. We will work both inside and outside the institution to build an environment that supports the educational, safety, aesthetic, and service needs of the students, faculty, and staff.

- ➤ Enhance campus-wide technology, providing access to emerging technologies in existing and proposed facilities.
- ➤ Increase systems of institutional safety through improvements in physical and technological infrastructure and staff training.
- Strengthen collaboration with community leaders and other agencies to develop facilities, technological systems, and plans that address local and regional needs.
- ➤ Carry out vision in campus master plan, including: construction of new health and science building, expansion and modernization of gymnasium, renovation of physical science and library buildings, and establishment of permanent facility in Woodland.

STRATEGIC ISSUE #6: Lower Columbia College will develop a campuswide culture of evidence that supports achievement of student learning outcomes, promotes institutional effectiveness, and satisfies the need for internal and external accountability.

The faculty and staff at LCC recognize the value of evaluating evidence of student success for the purpose of improving the teaching and learning process. We will conduct regular and ongoing inquiry into the effectiveness of the institution in both instructional and non-instructional areas. This inquiry will support the college's commitment to selfmonitoring as well as external accountability.

- ▶ Finalize and implement the comprehensive General Education assessment plan for all seven student learning outcomes.
- ▶ Develop and implement a model for assessment of Related Instruction in Professional/Technical programs.
- ➤ Institutionalize assessment across all areas of the College.
- ➤ Close the assessment loop: document the use of data to improve instruction, programs, and services.

BRIEF HISTORY OF LCC

LCC was established in 1934 as Lower Columbia Junior College. First time students registered for classes at Korten's Music Store in Longview, Dahlman Hardware in Castle Rock, and the Orr Furniture Store in Kelso. Accounts of the number of students who enrolled that first year vary from 42 to 55. Students managing the College's first student newspaper, *The Lower Columbian*, put out ten issues that year. The founding faculty held classes at R.A. Long High School. The first graduating class, including seven students, received their associate degrees in 1936.

The number of enrolled students doubled in the College's second year, climbing to 96. As the number of students increased, instruction expanded into the Myklebust building in downtown Longview, and the Moose Hall. The Moose Hall continued to house classes until 1949, when damage from an earthquake caused the building to be condemned. Classes were also held on the first floor of the Longview Public Library. Enrollment continued to increase, with 149 students in 1939, up to 200 in the early 1950s, and finally reached 300 students in 1954. The proportion of female students also increased during that time. In 1948, the College received its first accreditation from the Northwest Commission on Colleges and Universities.

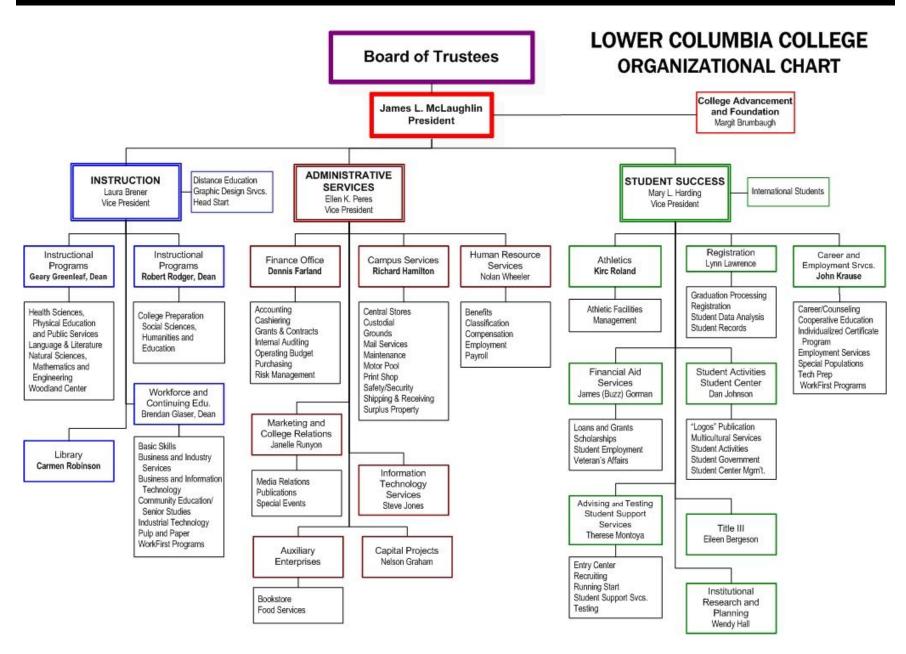

During the 1930s and 1940s, the College struggled with financial problems, and began to look for its own campus. Twenty-six acres were purchased from the Longview Company in 1942, at a reported bargain price. In 1950, construction began on "Old Main," LCC's first permanent building. The original building was slated to have thirteen classrooms, and came with a price tag of a quarter of a million dollars. The Lower Columbia College League, an association of friends of the College, assisted with fundraising efforts to pay for the construction.

After the College had achieved financial stability, it became a part of the Longview School District. In 1961, the College was elevated from a "junior college" to a "community college." In 1967, LCC joined the state-supported community college system.

Today, the College includes 27 buildings on 35 acres, and enrolls approximately 4,000 students each quarter.

PREPARATION OF INCOMING STUDENTS

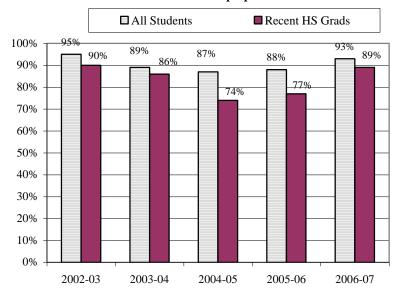

The majority of students entering LCC take placement exams in reading, writing and mathematics. The results of the exams help determine the level at which students begin their coursework.

	% of Students Underpr	repared in Reading, Writing or both	% of Students U	Underprepared in Mathematics
	All Students	Recent High School Graduates	All Students	Recent High School Graduates
2002-03	66%	32%	95%	90%
2003-04	60%	31%	89%	86%
2004-05	55%	44%	87%	74%
2005-06	54%	32%	88%	77%
2006-07	41%	34%	93%	89%

Students Underprepared in Reading, Writing or Both

Students Underprepared in Math

Source: Data Express WH-ASSET, Analyzed in Data Warehouse linked to Student Table; analyzed with LCC Score Ranges and Recommendations dated 07/06/2004; 2006-07 scores analyzed with 6/1/2006 scores. Each year represents levels of preparation for students who entered LCC during the specific academic year (year quarter actual start).

TOP 10 MAJOR AREAS OF STUDY

Academic Transfer represents the largest group of "majors" at LCC, with 1,723 in 2005-06, and 1,885 in 2006-07. The following chart depicts the top ten majors within the professional/technical areas. Note: Figures include both intended and actual majors. Entry requirements and enrollment limitations, such as in nursing, affect the number of students actually in the program.

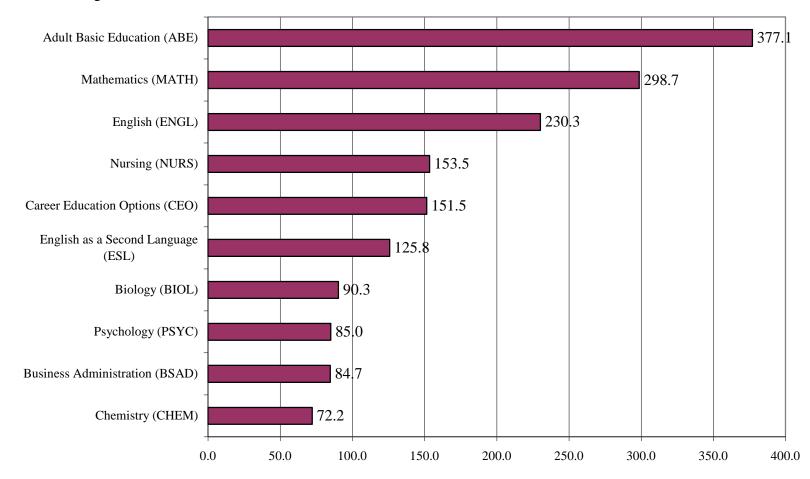

Academic Year 2005-06	# of Students	
Nursing	1076	Nursin
Business Technology	197	Busine
Automotive/Diesel Technology	137	Early (
Business Management/Administration	114	Weldin

TOP 10 FTE GENERATING DISCIPLINES

The following ten disciplines accrued the most annual FTE in 2006-07. One Annual FTE (Full Time Equivalent) is equal to 45 enrolled college credits.

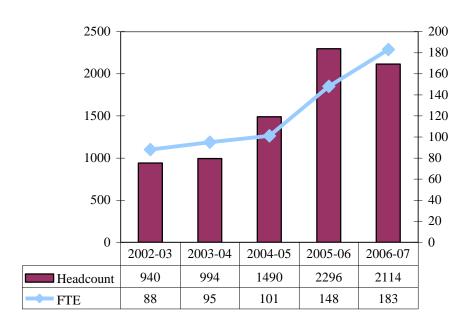

Source: SBCTC Data Warehouse, Class Table, FTES_Total/3.

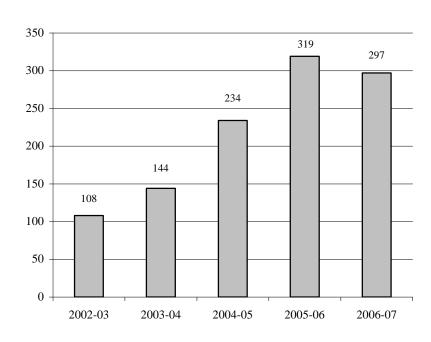

DISTANCE EDUCATION

Distance Education includes on-line, correspondence, hybrid, and telecourses. Headcount is duplicated.

Enrollment in Distance Education

Number of Distance Ed. Classes Offered

Types of Distance Education: 2006-07	# of Classes	Headcount
Telecourse	39	278
Correspondence	23	192
On-line	188	1,168
Hybrid	47	476
TOTAL	297	2,114

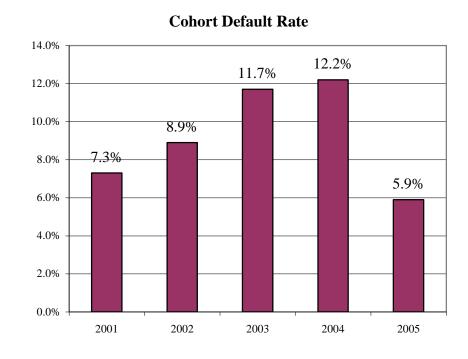

Note: changes to the curricular structure in the LERN program account for declining headcount and classes offered in 2006-07. FTE increased 24% in 2006-07.

In 2006-07, Distance Education classes were offered in the following disciplines: Allied Health, Accounting, Astronomy, Business, Chemistry, Computers, Early Childhood Education, Earth Science, English, Geology, Health, History, Individual Development, Mathematics, Music, Nursing (LERN program), Philosophy, Political Science, Psychology, Sociology, and Spanish.

STUDENT SUPPORT SERVICES

Student Support Services (SSS) is a federal program, funded by the United States Department of Education. SSS has been active on the LCC campus for nearly 30 years, and has served over 2,000 students since 1978. Students are eligible to participate in this program if neither parent earned a Bachelor's degree, if they are low income, or have a disability. The program serves 210 students per year, out of hundreds of potentially eligible students.

Persistence: the proportion of eligible participants who persist toward completion of the academic programs in which they are enrolled.

	2002-03	2003-04	2004-05	2005-06	2006-07
Proposed	67%	67%	67%	67%	67%
Actual	107/148 = 72%	113/164 = 69%	120/155 = 77%	109/155 = 70%	119/173 = 69%

Good Academic Standing: the proportion of eligible participants who maintain a 2.0 or better grade point average.

	2002-03	2003-04	2004-05	2005-06	2006-07
Proposed	80%	80%	80%	80%	80%
Actual	202/210 = 96%	193/210 = 91%	207/218 = 95%	198/210 = 94%	204/220 = 93%

Graduation: the proportion of eligible participants who graduate each year.

	2002-03	2003-04	2004-05	2005-06	2006-07
Proposed	16%	16%	16%	16%	16%
Actual	37/163 = 22%	39/173 = 23%	43/106 = 41%	42/90 = 47%	41/94 = 44%

Transfer: the proportion of eligible participants who transfer each year.

TECH PREP

Tech Prep links high school and college courses to provide a seamless pathway of career preparation leading to employment. By participating in Tech Prep students can begin earning their Associate in Applied Science Degree at LCC while still in high school. Graduates of LCC's professional-technical programs who began their studies as Tech Prep students often complete their programs in less time and are well prepared to enter a competitive job market both well educated and prepared for a high paying job.

LCC FOUNDATION NET ASSETS

Since 1976, the Lower Columbia College Foundation has been:

- Providing financial supplements where public funds are not sufficient
- ➤ Gathering public support for enhancement of educational opportunities for LCC students
- > Strengthening the teaching, learning and cultural environment of LCC and the community it serves

Net Assets

LCC FOUNDATION SUPPORT

Every year, the Lower Columbia College Foundation uses a percentage of its net assets to support programs at the College. Investment earnings on net assets determine how much is available in any given year.

Total Amount of Program Support to LCC

Year	Dollar Amount	% of Net Assets
2003	\$406,842	7.6%
2004	\$320,585	5.5%
2005	\$360,430	5.5%
2006	\$535,724	6.0%
2007	\$802,037	7.2%

Exceptional Faculty Fund: Endowed Total

2006-07 Support to LCC

	Amount	Percent
Scholarships	\$199,523	27.9%
Grants	\$67,992	8.5%
Program Support	\$458,491	57.2%
Library	\$2,223	0.3%
Other	\$73,808	9.2%

LCC's Exceptional Faculty Fund holds \$1,500,024 in endowed funds. Both the LCC and LCC Foundation figures, pictured at left, include a 100% match from the State of Washington.

WASHINGTON STATE UNIVERSITY LEARNING CENTER

The WSU Center on the LCC campus provides local baccalaureate degree options for students. Located in the Instructional Office Building, the WSU Center features eight computer workstations for students, and provides students with services and support (including Admissions advising for WSU Vancouver and exam proctoring for the various distance degree programs). WSU also supports a WHETS (Washington Higher Education Telecommunications System) classroom in LCC's Vocational Building which is used for WSU courses in addition to college and community meetings. The WSU Center maintains operation of Videoconferencing technology to facilitate LCC faculty and staff meetings as well as those of community agencies. The WHETS classroom supports an ongoing Post-graduate School Psychologist Certification Program. This program provides state certification for local school counselors to become School Psychologists. The WSU Center also coordinates a number of community education events, including the annual Full Immersion Spanish Institute and STARS courses for Child Care Providers.

Several Distance Degree Programs are offered, including: BA in Business Administration (Management and Operations or Management Information Systems); BA in Criminal Justice; BA in Human Development; BA in Humanities; and BA in Social Sciences. Additional degree completion programs are: BSN for Registered Nurses; Masters in Engineering and Technology Management; and Masters in Agriculture. In addition, a BA in Education (K-8 Certification) is taught at LCC in the form of live classes as a 2 + 2 program.

		2005-06	2006-07
Distance Degree Programs,	Number of students enrolled (unduplicated)	121	30
Bachelor Degrees	Number of courses offered	150	648
	Number of completions	6	7
Distance Degree Programs,	Number of students enrolled (unduplicated)	5	0
Masters Degrees	Number of courses offered	17	27
