2. College shall be responsible for implementing Program, including the development of curriculum, subject to District approval under WAC 392-121-188(8).
3. College shall be responsible for enrolling District approved eligible students.
4. College will verify that the student has not met high school graduation requirements. College will verify student's residence within the District and verify that the student is released by the District to attend Program. For any student determined not to be a resident of the District, College will obtain a release from the appropriate district of residence.
5. College will determine vocational-technical skills training and may administer appropriate admission testing.
6. College will ensure that all vocational instructors working with students in the Program hold valid vocational certificates.

8. College shall notify District immediately upon determining that a student has ceased enrollment or participation in the Program.

12. Students enrolled in Program shall abide by the College Student Rights and Responsibilities policies as identified in WAC 132m-121-010 through WAC 132m-121-500. All student disciplinary actions shall be governed by these policies.
13. Students enrolled in the Program shall bear responsibility for their own transportation to and from College.

**C. Funding.** It is the intent of the parties that funding for the Program will be provided with state apportionment monies through the Office of the Superintendent of Public Instruction (OSPI), at no tuition or fee cost to the student, based on the definition of full-time equivalent (FTE) provided in WAC 392-121-188(18), and consistent with the procedures set forth below.

1. College shall provide a monthly enrollment count to District by the third business day of each month during the term of this Agreement. Consistent with WAC 392-121-188 (18), FTE student enrollment will be defined and reported as 15 college credits constituting one FTE.

A student's FTE status shall be calculated using the credit hours of the student's College schedule on the first school day of each of the nine months October through June. A student taking 15.0 quarter credits shall be full time. Each quarter credit of the student's schedule shall be counted as 1/15<sup>th</sup> FTE. Since the final OSPI rates for Basic Education and Vocational Enhancement are not available until after the start of the school year, initial reimbursements will be made based on the preliminary rates provided by OSPI. Once final rates are published, they will be the basis for subsequent reimbursements and payments based on preliminary rates will be adjusted accordingly. All adjustments will be included with the first reimbursement made following release of the final Basic Education and Vocational Enhancement rates.
