FOUNDATION

SCHOLARSHIP AWARDS

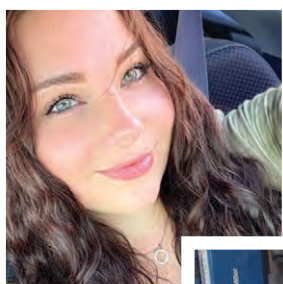

2024

"As an IT major at LCC, I am excited to pursue a career in the energy industry, where I can apply my technical skills to positively impact the environment and communities. I am especially drawn to this industry due to its vital role in powering our daily lives and its potential to drive innovation and sustainability. Through my studies, I aim to gain a comprehensive understanding of the industry's complexities and opportunities, allowing me to contribute to its growth and development."

Tye Torres, LCC Information Technology Student

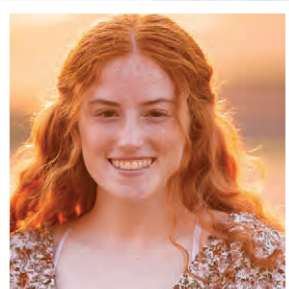

"Receiving a scholarship has been a tremendous support in my academic journey, alleviating the financial challenges of attending college. Balancing my studies with a work-study position and my roles as a father and grandfather can be demanding, but your generosity has allowed me to stay focused on my goals and continue working toward achieving my dreams. Thank you for making such a meaningful impact on my life and education."

Aaron Sweringen, Substance Use Disorder Studies Program

"As a continuing education student focused on ceramics, printmaking, and graphic design, having a scholarship eases the financial burden of pursuing my passion for art and education. It allows me to refine my skills, support LCC's art programs, and work toward a future in graphic design. The generosity of our community inspires me to continue following my dreams and creating meaningful art."

Corin Zahn, LCC Fine Arts Student

"As a nursing major at Lower Columbia College, I am dedicated to making the most of this opportunity. Currently, I am a licensed practical nurse, and I am grateful for the chance to pursue a career as a registered nurse, with the goal of eventually obtaining my bachelor's degree. I am passionate about helping others and making a meaningful difference in the world, especially during critical times. With the support of receiving a scholarship, I am one step closer to achieving my dreams. Witnessing patients recover or manage their health conditions brings me a strong sense of accomplishment and personal fulfillment."

Kayleen Adams, LCC Nursing Student

"I am currently majoring in electrical engineering at LCC and preparing to transfer to the University of Washington next year to pursue my dream of working in the field of robotics. As a member of a family with two siblings currently attending middle school and college, I have witnessed the financial challenges associated with pursuing higher education. This has made me even more determined to fully dedicate myself to my studies and achieve my aspirations."

Zen Hosoi, LCC Pre-Electrical Engineering Student

"I am completing the automotive program and working towards my ASE certifications at LCC. My goal is to own a service center to provide essential services to vehicle owners, create stable jobs for local technicians, and support my growing family. This career shift is motivated by my desire for a reliable means to support my family and acquire the skills needed to run a service-based business. As a married father of a teenage daughter, I've found it increasingly challenging to support my family without certifications or a degree to advance my career."

Jerry King, LCC Automotive Technology Student

"I am a former resident of Texas who moved to Washington with my wife and child in search of a fresh start. Job hunting proved to be more challenging than we anticipated, so we decided that I should go back to school to pursue a career. I chose to study mechanics because I enjoy fixing things and working on cars. Specifically, I focused on diesel mechanics to develop a more specialized skill set that would enhance my future job prospects. My dream is to own a shop that keeps classic cars on the road for as long as possible, and being at LCC helps make that dream a reality."

Niccolai Bishop, LCC Diesel Mechanics Student

CELEBRATING 90 YEARS!

In 2024, we proudly celebrated the 90th anniversary of Lower Columbia College—an impressive legacy of 90 years dedicated to empowering student success in the classroom and beyond.

LCC is a beacon for accessible and transformative educational opportunities, empowering individuals from diverse backgrounds to pursue their academic aspirations and unlock their full potential. Our scholarship programs are invaluable, providing essential financial support that fuels academic excellence while promoting economic and social stability and mobility.

We extend our heartfelt gratitude to our scholarship sponsors! Together, through your generous support, the lives of students have been transformed, creating a lasting impact on their families and communities for generations to come. Your contributions are not just financial; they are a lifeline that empowers the next generation of learners. Thank you for your unwavering commitment to student success.

Congratulations to our scholarship winners! Your hard work and perseverance inspire us all, and we look forward to witnessing your continued achievements as you pursue your personal, educational, and professional goals. Keep striving for excellence!

Best wishes for your continued success as you embrace your educational journey with passion and determination!

Message from the President:

January 3, 2025, marks my first anniversary as the President of LCC. Over the past year, Kendra Sprague and Sheila Burgin-Timm have introduced me to many community members, and I have enjoyed meeting and spending time with many caring and supportive people.

I have had the opportunity to attend several LCC and community events, traveled to our sister city in Japan, toured local industry sites, served on the Kelso Longview Chamber Superintendents and LCC Presidential Membership Luncheon, and most recently visited Woodland, to engage with community members at a Chamber luncheon. I have made many new acquaintances and through these interactions I continue to learn more about addressing the needs of our community and students.

This year has passed quickly, and I look forward to more opportunities to connect with the people and the supportive communities surrounding LCC.

Matt Seimears, Ph.D.
President, Lower Columbia College

"I am excited to begin the nursing program at LCC. As a single mom of two young sons, I faced financial challenges that made me unsure if I could pursue my dreams while being present in their lives. Despite these challenges, I have always been an exceptional student, consistently keeping my grades above average. This dedication helped me gain acceptance into the LCC Nursing Program. I have always aspired to work in the medical field, and I chose LCC to pursue nursing with the goal of eventually becoming a nurse practitioner."
