Opportunity Can't Wait!

2023

"I believe that through my education I will be able to help individuals find their own self-worth, help build their self-esteem, and teach them about the importance of believing in yourself. Life is not scripted and with a little faith and a lot of hard work, we can achieve our goals and change our life trajectory. Your past does not define you, what defines you is what you do with the adversity and how you move forward."

~Joshua Williams, Substance Use Disorder Studies Program

"I want to help both the patients and the other medical staff out as much as possible. I love being a team player and working with all types of personalities, and nursing is an ideal career to experience all these things. I have always had a passion for helping people since I was a child, so now that I have found a career that I love, I am ecstatic to be able to work as a nurse after I graduate next June where I can help my community."

~Marissa Niemi, LCC Nursing Student

"I want to make an impact in this world by teaching elementary students. I want to teach them how to have a love for learning and how they can make a difference in someone else's life every day. I want to be that difference-maker in my future students' lives. I have always enjoyed school and the concept of learning new things and I want to instill this passion into our youth."

~Reigha Niemeyer, Teacher Education Program

"I like the feeling of contributing to the art community at LCC and realize it has been a very positive experience for me. Though it was challenging to step outside of my comfort zone at first, I have learned a lot and feel there is a reward to being open to new experiences. I have enjoyed being able to find new challenges and a new group of artists to connect with."

~Remy Frey, LCC Fine Arts Student

"Teachers are so important in today's society, especially quality teachers. As future educators, we will be spending our days with 20+ students, all who have different backgrounds and personalities. Each student poses a new opportunity to provide them with all the skills they need to be successful learners. Not only do we teach the children of our society academics, but we teach them how to be good humans"

~Miah Carroll, Teacher Education Program

"I've always had a disdain for school until I reached Lower Columbia College. After my first quarter I got something in the mail that changed my view on education. I made the President's List for LCC and got my name in the local paper. I realized if I worked hard enough, never gave up, and kept at it that I could accomplish anything. My passion in Welding showed me that I could do anything I set my mind to."

~Kaden Michaud, LCC Welding Student

"While this is not over yet, I've learned so much about myself. I learned that I am so much stronger and braver than I could have ever imagined. I learned that when I think I have no strength left, if I dig deeper, it's always there. I learned that compassion and kindness, even from a stranger, can be very healing. This is of enormous value going forward. I have nothing to fear for I have the heart, the tenacity, capability and courage to meet any challenge and surpass any goal set forth."

~Kayla Wood, RN Program

OPPORTUNITY CAN'T WAIT!

As we look ahead to the future, it's essential to provide access to education and skills training opportunities to help students achieve their goals. Scholarships are a wonderful way to support our students and ensure they have the resources they need to succeed. By investing in education, we can help students build bright futures and create more opportunities for themselves and their families. Opportunity can't wait and scholarships open doors that might otherwise be closed.

Thank you, scholarship supporters! Your contributions open doors to education and provide opportunities for LCC students to gain the skills necessary to obtain jobs in the workforce. Your belief in the transformational power of education has resulted in the LCC Foundation offering nearly \$615,000 in student scholarships in the 2023-24 academic year. Thank you once again for your generosity and support in helping students achieve their academic and career goals.

Congratulations to all the scholarship awardees! Your hard work, dedication, and perseverance have paid off and you are one step closer to achieving your goals. It's an honor to recognize your efforts and future aspirations. Your success and determination inspire others to believe in themselves and strive for their dreams. Together, we can create a brighter future because opportunity can't wait.

Congratulations and best wishes as you continue your educational journey!

"As I head into retirement after a twelve-year tenure as president of Lower Columbia College, I want to thank you for your continued support of the college. Together, we have transformed many lives and helped many families prosper through educational attainment," shares former President Chris Bailey.

Message from new LCC President Dr. Matt Seimears, "Congratulations to LCC's 2023-24 scholarship recipients, and thank you to LCC's generous scholarship sponsors. Your support and efforts do not go unnoticed or unappreciated".

"I now know that my education is a high priority and creating a career that I love and that can also support my family is incredibly important for not only my future but it is also a positive example for my children... This profession is about more than just being a nurse; it's an act of service to our community. I thoroughly enjoy my work within the Student Nursing Organization and plan to continue my efforts in helping those in need after graduation."
