Thank you for supporting Lower Columbia College!

YOUR participation is valued and together we transform the lives of students through excellence in education! Please join the LCC Foundation in the “Opportunity Can’t Wait” campaign for our students and community by investing in these strategic initiatives:

DRIVING INNOVATION: \$5.0M

LCC will create a new 46,000 square foot facility to replace three vocational and science buildings, designed and constructed more than 60 years ago. The new building will bring together the College’s welding, machining, and manufacturing programs and provide modernized facilities for information technology and computer science programs. Students will go directly from college to career, filling the high-demand and living wage jobs of today and tomorrow.

LCC is working with the Washington State legislature to secure capital funding for the new building. To complete the facility, the College is seeking community support to bring in new, state-of-the-art equipment. Cutting-edge tools and equipment will ensure the new vocational center becomes a world-class skills center serving local high schools, industries, and unions.

LEADING CHANGE: \$4.0M

Red Devil athletics is a point of pride for the College and attracts diverse and outstanding students to our campus. Our historic Story Field, at the heart of our campus, is 60 years old and we must address limitations by improving grandstands, lighting, and the entrance. We also must invest in facilities for LCC women’s soccer team and women’s softball team, in partnership with the community, to provide year-round, accessible fields and amenities that will allow them to reach their potential.

EMPOWERING STUDENTS: \$6M

We will increase our investments in our College Success Funds, Student Success Funds, and scholarships to unlock the transformational power of education for our students, and their families and communities. Included is a new student-athlete scholarship fund—providing scholarships to 60 students each year.

Through these investments, Lower Columbia College will emerge as both a community anchor and an inviting beacon for those seeking new opportunities—transforming the lives of our students and their families. We will ensure students discover a welcoming community, learn in state-of-the-art amenities, and become the best-prepared applicants for hire. Because opportunity can’t wait!
