Thank you for supporting Lower Columbia College!

TRANSFORMING LIVES THROUGH EXCELLENCE

Your ongoing participation is valued! Together, we empower students and strengthen our community by investing in these vital pillars of need:

Driving Innovation

From Vision to Reality

Thanks to the Opportunity Can't Wait campaign, our new 46,000-square-foot facility is becoming a reality. By replacing aging science and vocational buildings, we have created a modern hub for welding, machining, IT programs, and the AIR program. Your continued support ensures this space is outfitted with cutting-edge tools and state-of-the-art equipment our students need to prepare for high-demand, living-wage careers in our community.

Leading Change

Elevating the Student-Athlete Experience

Red Devil athletics continues to be a cornerstone of campus pride. With the campaign's success, we are revitalizing historic Story Field and investing in dedicated facilities for our women's soccer and softball teams. These upgrades provide the year-round, accessible amenities necessary for our student-athletes to excel both on the field and in the classroom.

Bridging the Gap to Graduation and Beyond

The Finish Line Scholarship provides a final source of support for LCC students who have exhausted other available financial resources and need help taking the last step toward completing their education or entering the workforce. For some students, that may mean covering their final 5, 10, or 15 credits needed to graduate. For others, it may mean helping with the cost of a required licensing, certification, or workforce exam needed to begin their career.

These final expenses can look different depending on a student's career path, from nursing and healthcare licensing exams to WABO welding tests, AIR program certifications, education-related testing, and other required professional credentials. By helping close these final financial gaps, the Finish Line Scholarship ensures that one last barrier does not stand between a student and the future they have worked so hard to achieve.

Empowering Students

Unlocking Potential through Scholarships

Education transforms lives, but only when students have the tools to stay in the classroom. By investing in our College Success and Student Success Funds, you provide the bridge through emergency grants for unexpected crises, targeted program support, and scholarships that close the gap. Your partnership removes financial hurdles that stall degrees and clears a direct path to graduation for every student.
