

2023-24 REQUEST FOR INDEPENDENT STATUS

STUDENT INFORMATION

Last Name:	First Name:
Student ID #:	Email:

The student financial aid system is based on the premise that your parents have the primary responsibility to assist you with your college education until you are at least 24 years old, even if that assistance is only to provide their information for your FAFSA. Federal regulations allow a Lower Columbia College financial aid administrator to consider extraordinary cases on an individual basis. In unusual circumstances, using professional judgment, the financial aid administrator *may* determine that you should be considered independent for financial aid eligibility based on information you provide. This decision is final and cannot be appealed.

Per Department of Education rules, the following conditions **do not** qualify as unusual circumstances and therefore, **cannot** be used as reasons to make a student independent from their parents:

- Your parents are refusing to monetarily contribute your education
- Your parents unwilling to provide information on the FAFSA or for income verification
- Your parents do not claim you as a dependent for income tax purposes
- You live on your own and are financially self sufficient

If any of these conditions apply to your situation, you cannot be declared independent from your parents. However, you may be eligible for a Direct Unsubsidized Loan only. If you wish to be considered for a Direct Unsubsidized Loan, submit the [Parents Refusal to Provide Information](#) form to the Financial Aid Office.

Provide the following information and documentation:
