

May 11, 2021

Dear Campus Community,

Although the COVID-19 pandemic lingers on, we are working hard on a plan to safely reopen as much of the campus as possible, as quickly as it is safe to do so.

The reopening of the LCC campus is occurring in phases.

- **Currently** we are offering a number of in-person services **M-F, 10 am – 2 pm**. This includes our One-Stop Center, Cashier, and the ‘Drop-In Wi-Fi Hot Spot’ in the cafeteria for students who need a quiet place with Internet connectivity. Visit our [Campus Closure and Emergency Information](#) page to see the complete list.
- On **July 19**, we will expand the number of services available with in-person hours to **M-Th, 8 am – 5 pm** (LCC is closed on Fridays in the summer). This date was selected to allow for a 14-day window following the Fourth of July holiday.
- By **fall quarter**, we expect to be closer to “normal” campus operations, following all necessary health and safety protocols. Many of our classes and services will continue to be offered either online or in hybrid form, to allow for maximum flexibility for our students and employees.

Sincerely,

Chris Bailey, J.D., President
