Section 2 - Governance Process

Policy 2.01 - Governance Commitment

The Board of Trustees will govern Lower Columbia College in accordance with the Constitution and the Community and Technical College Act of the State of Washington. The Board will always act in the best interest of the College and the community as a whole. The Board is committed to excellence in educational programs and other services of the College and availability to all people.

Policy 2.02 - Governing Style

The Board will govern with a style that emphasizes outward vision rather than an internal preoccupation, encouragement of diversity in viewpoints, strategic leadership rather than administrative detail, clear distinction of Board and presidential roles, collective rather than individual decisions, future rather than past or present, and proactive rather than reactive.

More specifically, the Board will:

1. Operate in all ways mindful of its trusteeship obligation to the public. It will allow no officer, individual, trustee, or committee of the Board to prevent its fulfilling this commitment.
2. Enforce upon itself whatever discipline is needed to govern with excellence. Discipline will apply to matters such as attendance, policy-making principles, respect of roles, speaking with one voice, and ensuring the continuity of governance capability. Continual development will include orientation of new members in the Board's governance process and periodic Board discussion of process improvement.
3. Direct, control and inspire the organization through the careful establishment of the broadest organizational policies reflecting the Board's values and perspectives. The Board's major focus will be on the intended long-term impacts outside the operating organization (Mission and Objectives), not on the administrative or programmatic means of attaining those effects (Means).
4. Cultivate a sense of group responsibility. Ultimately, the Board will be responsible for excellence in governing. The Board will be an initiator of policy, not merely a reactor to staff initiatives. The Board will use the expertise of individual trustees to enhance

the work of the Board as a body, rather than substitute their individual judgments for those of the Board as a whole.

5. Monitor and discuss the Board's process and performance Self-monitoring will include comparison of Board activity and discipline to policies in the Governance Process and Board-Staff Relationship categories.
6. Seek input from staff, students, alumni, employers, and other community members on Board policies.
7. Board decisions will be made, to the extent possible, on a consensus.

Policy 2.03 - Board Job Description

The Board shall set the direction of the College and shall represent the public in determining and demanding appropriate organizational performance. To distinguish the Board's own unique job from the jobs of its staff, the Board will concentrate its efforts on the following responsibilities:

1. Serving as the link between the College and the public.
2. Enacting written governing policies, which address:
 - a. Mission and Objectives: College services, impacts, benefits, outcomes, recipients, and their relative worth (what good for which needs at what cost). Mission and Objectives include College mission, values, vision, objectives, goals and priorities.
 - b. Governance Process: Specification of how the Board conceives, carries out, and monitors its own tasks.
 - c. Board-President Relationship: How power is delegated and its proper use monitored; the President's authority and accountability.
 - d. Executive Limitations: Constraints on executive authority, which establish the prudence and ethics boundaries within which all executive activity and decisions must take place.
3. Monitoring institutional performance and the President's performance (against Board policies on Mission and Objectives, and Executive Limitations).
4. Promoting a positive image for the College.
5. Serving as a link between the College and the Lower Columbia College Foundation to ensure alignment of Foundation activities with Board policies and priorities.
6. Naming all campus facilities (buildings, parts of buildings, structures and other key campus areas) based on staff recommendations using the guidelines below. Board decisions will be based on compliance with the following guidelines, consistent application of staff policies, and campus/community demonstrated support. The

Board of Trustees reserves the right to rename any facility using the following guidelines.

- a. All recommendations will be in compliance with building naming and/or numbering regulations as may be directed by the State or local governments.
 - b. Recommendations may consider the location, function, or intended use of campus facilities.
 - c. Recommendations may consider individuals or groups to be recognized for significant accomplishment and/or substantial economic donations.
7. Ensuring institutional compliance with all applicable laws and regulations.
 8. Executing all other appropriate Board business.

Policy 2.04 - Chair's Role

The responsibilities of the Chair are, primarily, the integrity of the Board's process and, secondarily, occasional representation of the Board to outside parties. The Chair is the only Board member authorized to speak for the Board (beyond simply reporting Board decisions) other than in rare and specifically authorized instances.

1. The Chair shall ensure the Board and individual Board members act consistently with the Board's own rules and policies and those legitimately imposed upon the Board from outside the College.
 - a. The Chair shall preside at Board meetings in an efficient and effective manner and shall set the general tone for each meeting through positive leadership.
 - b. The Chair will lead discussion at the Board meetings on those issues, which, according to Board policy, belong to the Board to decide.
 - c. Deliberation will be fair, open, and thorough but also efficient, timely, orderly, and to the point.
 - d. The Chair will attempt to arrive at a consensus by the Board members on Board. The Chair will stimulate discussion among the Board members.
2. In setting the agenda, the authority of the Chair consists of making decisions that fall within the topics covered by Board policies on Governance Process and Board-Staff Relationship, except where the Board specifically delegates portions of this authority to others. The Chair is authorized to use any reasonable interpretation of the provisions in these policies.
3. The Chair has no authority to make decisions about policies created by the Board within Mission and Objectives and Executive Limitations policy areas.
4. The Chair has no individual authority to supervise or direct the President.

 - Holding an annual planning session.
 - Continually improving its performance through Board education and enriched input and deliberation.
 - Annually reviewing actual revenues and expenditures against approved budget plan.
 - Periodically reviewing actual performance against the approved College Strategic Plan.
1. The agenda for all Board meetings will be prepared by the Chair after consultation with the President and based on input from other Board. The agenda will be delivered to the Board at least five (5) days before the meeting.
 2. At its regular monthly meetings, the Board will follow an agenda that implements the Board policy on Governing Style.
 3. Education, monitoring, input, and deliberation will be paramount in structuring meetings and other Board activities.
 4. The annual planning session will be held no later than April.
 - a. The College Mission will be reviewed at the annual planning
 - b. Budget parameters and priorities will be established at the annual planning session.
 - c. Subjects for Board discussion and action during the following year will be developed at the annual planning session.
 5. The College budget will be approved by the Board annually in June. Revised budgets will be submitted to the Board for approval as necessary during the fiscal year but no more often than quarterly.

Policy 2.06 - Board Committee Principles

Board committees, when used, will operate so as to minimally interfere with the wholeness of the Board's job and so as never to interfere with delegation of authority from the Board to the President. Committees will be used sparingly.

1. Board committees are to help the Board do its job, not to do jobs of the staff. Committees ordinarily will assist the Board by preparing policy alternatives and implications for Board deliberation. Board committees are not to be created by the Board to advise staff.
2. Board committees may not speak or act for the Board except when formally given such authority for specific and time-limited purposes. Expectations and authority will be carefully stated in order not to conflict with authority delegated to the President.
3. Board committees cannot exercise authority over staff. Because the President works for the full Board, the President is not required to obtain approval of a Board committee before an executive action. In keeping with the Board's broader focus, Board committees will normally not have direct dealings with current staff operations.
4. Board committees are to avoid over-identification with organizational parts rather than the whole. Therefore, a Board committee which has helped the Board create policy on some subject will not be used to monitor organizational performance on that same subject.
5. This policy applies only to committees, which are formed by Board action, whether or not the committees include non-Board members. It does not apply to committees formed under the authority of the President.
6. The Board shall have an Audit Committee, comprised of two trustees, which shall represent the board at the annual audit exit interview.
7. **Ad hoc** committees may be established which have no more than two trustees or members and which have responsibility only within specific directives from the Board and are limited by time.

Policy 2.07 - Board Members' Code of Conduct

The Board expects ethical conduct by itself and its members. This includes proper use of authority and appropriate decorum in both group and individual behavior when acting as Board members.

1. Board members must maintain unconflicted loyalty to the interests of the citizens and the College district. This accountability supersedes any conflicting loyalty such as that to advocacy or interest groups and membership on other boards or staffs. This accountability supersedes the personal interest of any Board member acting as an individual consumer of college services.
2. Board members must avoid any conflict of interest with respect to their fiduciary responsibility.
 - a. There must be no self-dealing or any conduct of private business or personal services between any Board member and the College except as allowed by Chapter 52 RCW.
 - b. Board members must not use their positions to obtain employment by the College for themselves, family members, friends, or associates.
 - c. Board members shall abstain from votes upon which they have an appearance of a conflict of interest.
3. The Board speaks with one voice, and Board members may not attempt to exercise individual authority over the organization except as explicitly set forth in Board policies.
 - a. Board members' interaction with the President or with staff must recognize the lack of authority in any individual Board member or group of Board members except as noted above.
 - b. Board members' interaction with the public, press, or other entities must recognize the same limitation and the similar inability of any Board member(s) to speak for the Board except for those duties reserved to the Chair.
 - c. Board members will make no judgments of the President or staff performance except as that performance is assessed against explicit Board policies.
4. Board members will participate in educational activities, including state, regional and national meetings, to enhance their ability to serve effectively as members of the College's governing Board.
5. Board members will not permit themselves to be used to circumvent established lines of authority or interfere in the normal procedures for the processing of complaints or grievances.
6. Board members will not violate confidentiality including discussions that occur at legally held executive sessions of the Board.
7. Board members will use the approved process to introduce a Board meeting agenda change.

1. Nominations for an honorary degree may originate from the Board, President, Administration, Faculty, Staff or Students or from the community at large and should be sent to the Vice President of Instruction's office before February 1st in the year the degree is sought to be awarded.

3. The Honorary Degree Committee may consider the following examples of when an Honorary Degree may be merited.

Section 3 - Board-Staff Relationship

Policy 3.01 - Delegation to the President

All Board authority delegated to staff is delegated through the President. All authority and accountability of staff is considered to be the authority and accountability of the President.

1. The Board will direct the President to achieve certain results through the establishment of Mission and Objectives policies and specific statutory delegations. The Board will limit the latitude the President may exercise in practices, methods, conduct, and other "means" through establishment of Executive Limitations policies.
2. As long as the President uses any reasonable interpretation of the Board's Mission and Objectives and Executive Limitations policies, the President is authorized to establish all further policies, make all decisions, take all actions, establish all practices, and develop all activities.
3. The Board may change its Mission and Objectives and Executive Limitations policies, thereby shifting the boundary between Board and President domains. By so doing, the Board changes the latitude choice given to the President. However, as long as a policy is in effect, the Board will respect and support the President's decisions that conform to that policy.
4. Only decisions of the Board acting as a body are binding upon the President.
 - a. Decisions or instructions of individual Board members, officers, or committees are not binding on the President except in rare instances when the Board has specifically authorized such exercise of authority.
 - b. If Board members or committees request information or assistance without Board authorization, the President can refuse such requests that, in the President's judgment, require a material amount of staff time or funds or are disruptive.

The President is accountable to the Board acting as a body. The Board will instruct the President through written policies delegating implementation to the President. The President's performance will be considered synonymous with the organizational performance of the College as a whole.

The President's responsibilities can be stated as performance in two areas:

1. Organizational accomplishment of the Boards' policies on Mission and Objectives.
2. Organizational operation within the boundaries established in Board policies on Executive Limitations.

Policy 3.03 - Monitoring Presidential Performance

Monitoring executive performance is synonymous with monitoring organizational performance against Board policies on Mission and Objectives and on Executive Limitations. The Board will monitor performance in a manner as to have systematic assurance of policy compliance, including accomplishments of Mission and Objectives.

1. The purpose of monitoring is simply to determine the degree to which Board policies are being fulfilled. Information that does not do this will not be considered to be monitoring. Monitoring will be done in a way to permit the Board to use most of its time to create the future rather than review the past.
2. A given policy may be monitored in one or more of three ways:
 - a. Internal Reports: Disclosure of compliance information to the Board from the Internal reports include:
 - Institutional data collection
 - Community surveys
 - Wage and employment data
 - Assessment of student learning
 - System and other peer comparison data
 - Financial reports
 - Monitoring Reports on Mission and Objectives: Workforce and Economic Development; Academic Transfer; Preparation for College Level Studies; Student Access, Support and Completion; Institutional Excellence and Community Enrichment.
 - b. External Reports: Disclosure of compliance information by an external auditor or other persons or entities external to the External reports include:
 - Audit reports
 - Licensing examination results
 - Accreditation reports
 - Transfer data
 - c. Direct Board Inspection: Discovery of compliance information by a Board member, a committee, or the Board as a whole. This is an inspection of documents,

activities, or circumstances directed by the Board, which allows a test of policy compliance.

3. Policies can be monitored by any method at any time. Mission and Objectives and Executive Limitations policies will be monitored by the Board no less than annually.
