

WorkFirst (WFC)

WFC 89 Investigations Into Economic Class In America

5 credits

Provides WorkFirst students a means of understanding individuals and society through the lens of economic class. A greater understanding of information about hidden rules and resources develops success skills and enables students to understand and operate effectively with diverse populations that are found within the college community and in the workplace.

Prerequisites: None.

WFC 99 Integrated College Experience (ICE)

1-12 credits

Quarter(s): S, F, W, Sp

Integrated College Experience (ICE) is a WorkFirst Life Skills Core course designed to transition WorkFirst-qualified participants to classes at Lower Columbia College. This Washington State mandated component of WorkFirst consists of a twelve week module that provides participants with the skills to meet the demands of everyday life, education, and employment through performance and outcomes-based coursework that integrates communication, technology and basic skills.

Prerequisite: Must be enrolled in the WorkFirst program.
