

Health Coach Certificate

Certificate of Completion (COC)

Covers content and skills necessary to become effective, credentialed health coaches and to prepare for the American Council on Exercise (ACE) Health Coach Certification Exam. Equips with the skills and knowledge needed to effectively guide clients in making sustainable lifestyle changes in the areas of nutrition, fitness, stress management, and overall well-being. Explores the interconnectedness of physical, emotional, and mental health. Prepares for the role of facilitator, collaborator and coach in the area of health, wellness and fitness.

For a roadmap that identifies the preferred sequencing of courses and other specific recommendations from faculty, please see the corresponding program map(s):
