

Lower Columbia College Head Start/EHS/ECEAP
Water Play Permission and Acknowledgement

During the summer program we will be engaging in learning activities that may include water play outside with sprinklers as well as the typical water play that happens in the classroom and outdoors. You will be notified a week before of the days we will have sprinklers out for water play. Children will wear water shoes that we will provide. Teachers will support children in learning the expectations and actively supervise to ensure those expectations are followed.

Water play will be restricted to sprinklers, small bucket/pail, spray bottles in addition to standing sensory tables for play. No pools will be used.

My child has my permission to engage in ***sprinkler water play***:

- ☐ I understand that my child may get wet when engaged in this activity. I will provide him/her with a towel and/or an extra change of clothes.
- ☐ I do not want my child to engage ***sprinkler water play***. I understand that he/she will be engaged in other outdoor activities that may be with water in sensory tables and other activities during this time.

We will provide children with water shoes if they are given permission to play in sprinklers. My child's shoe size is _____.

By signing below, you acknowledge your receipt and understanding of water play activities.
