Dear Campus Community,

Over the weekend, a member of our Emergency Operations Team was notified that an LCC employee and three LCC students have tested positive for COVID-19. The individuals were last on campus January 13th and 14th in the Health & Science Building, Student Center, Main Building, Applied Arts Building, and the Vocational Building and are currently in isolation. All close contacts have been notified.

I understand that this news is concerning, and want to assure you that we are actively following guidance from the [Cowlitz County Health Department](#) and recommendations from the [Washington State Department of Health](#) and [U.S Centers for Disease Control & Prevention](#).

Due to privacy laws, we cannot share the name of the individual or other personally identifiable information. Individuals who are known to have direct close contact with this person, and people impacted by any cleaning-related facilities closures were contacted with specific instructions.

Anyone with [symptoms of COVID-19](#), or who may have been exposed to someone with a confirmed case, is encouraged to self-quarantine and contact their health care provider for guidance. To help keep our campus community safe, please also let us know by emailing [covid@lowercolumbia.edu](mailto:covid@lowercolumbia.edu) or calling Jason Arrowsmith at (360) 442-2270. Your information will be kept confidential, and we will connect you with campus support options while you work through your symptoms or positive test result.
