Dates and deadlines extended due to COVID-19 (information for students)

Many of you have questions about upcoming dates and deadlines, in light of the LCC campus being closed to students and visitors from **March 20 - April 14** (campus buildings will be locked during that time), and the revised dates of **April 20 - June 18** for spring quarter.

Please be assured that:

1. **LCC will not drop any students from classes during the time campus is closed to students and visitors.**
2. **The deadline for paying tuition and fees has been extended to April 17.**
3. **We are in the process of adjusting all other dates and deadlines for spring quarter, and information will be posted as it becomes available at lowercolumbia.edu/safety/covid-19-spring-quarter.**

We are anticipating that non-employee students will be invited to activate their **ctcLink accounts** the **week of March 23**. Once that invitation goes out, students will be able to conduct online transactions related to adding/dropping classes, registration, payments, etc., through ctcLink, or (alternatively) by phone. Expect an update on ctcLink account activation no later than March 25.

Thank you for your patience as we work out the details of this unexpected campus closure.

-*Wendy Hall on behalf of the LCC Executive Leadership Team*
