Subject: Governor Inslee announces new COVID-19 directive for higher education

Governor Inslee held a press conference this afternoon to share his new COVID-19 directive for higher education. View the full announcement [here](#).

As of Monday, August 23, masks are once again required in indoor settings for everyone on campus, regardless of vaccination status. Masks are also required in crowded outdoor settings.

We are planning several vaccination clinics for students around the start of Fall Quarter. I will provide those details as they become available.

Stay safe, Nolan

Nolan K. Wheeler
Vice President of Administration
Lower Columbia College
