

Dear LCC students-

You may have heard Governor Inslee's Declaration of an Emergency to close K-12 public and private schools in Washington through April 24. Colleges and universities have also been directed to switch to online instruction where possible effective Tuesday, March 17 through Friday, April 24. In cases where online instruction is not possible, the Office of Instruction is working on a plan.

You will receive additional information as it becomes available. In the meantime, here is some time sensitive information:

Winter quarter finals: your instructors will be communicating with you regarding your final exams, including if, how and where they will be held. Please check your LCC email and Canvas for important messaging.

Childcare needs: Contact your instructors if you experience any emergency childcare issues impacting your ability to take your finals.

Campus operations: Essential services will remain open, as staffing is available. More specific information will follow later.

Spring quarter: Your faculty will communicate with you about the delivery of spring quarter classes.

ctcLink account activation: LCC plans to invite students to activate their ctcLink accounts on March 23. Spring quarter registration (adding/dropping classes) will be available at that time.

For information about the ctcLink project, please visit [ctcLink Resources for Students](#)

Running Start Students: Running Start students can continue with their college classes at LCC.

More information is available on [LCC's COVID-19 webpage](#). If you have any questions about enrollment or registration, please contact the [One-Stop Center](#) at [\(360\) 442-2322](#) or onestop@lowercolumbia.edu.

Thank you,

Sue Orchard, PsyD

Vice President of Student Services

Title IX Deputy Coordinator

Lower Columbia College
